

Region 8 Meeting - May 27, 2020

Brian Polk Dr. Susan Eliza, LL Update

physical info is on the website incoming 7th & 8th graders will have to get physicals

-all athletes should have physicals on file for strength and conditioning

eligibility, there will be flexibility, announcements will be made in July

-CCP not going up until late July because of THSAA/TECA conferences

-remote learning: allow flexibility, if some kids cannot attend in person SAC, they can continue to do remote learning.

-will we start on time? Will we have fans in the stands? Don't know yet at this time.

-DEC/FMA, will be loaded sometime around mid-June, you can meet with new DEC but not posted yet, Usually posted after LC but may be done before.

-Legislative Council will be a live zoom meeting on 16th-17th with no public hearing, if you have a rule proposal, you can turn them in. The sub-varsity basketball fee will be addressed.

-June 8th: working to revise for some individual sports (a lot can be found on the Athletics document with the GSAs)

-tennis courts be open? Summer camps? All in the documents

-Cheerleading document will be posted later today

-sport specific instruction: went to 90 min/day with no more than 60 min/gort.

-summer leagues: the only thing that can be done in your indoor facilities (natatoriums, gyms, indoor facilities) can be strength and conditioning/sport specific programs. NO outside leagues as of right now.

-outside facilities: can have outside leagues but they have to abide by department of health regulations (4 or less participants).

-natatoriums: swimmers can do sport specific training. You can only have 25% capacity which is determined by the school district.

-1 coach to 20 athletes: doesn't mean that you can only have 1 to 20 at a time, you can do 5 to 100, etc.

-no regulations of number of kids outdoors. Groups of 10 inside and groups of 15 outside are the max. You can have multiples of these groups but have to follow inside regulations when it comes to cap.

-fall: looking to give extra time; add SAC time outside of the school day. 60 min outside of school day for SAC (in or out of season). Have not released anything about it yet but will be coming.

-youth programs: TEA wants to control what goes on inside the building but not outside. The 4 athlete limitation by TEA could be lifted after May 31st but not sure. TEA doesn't outline much, a lot of it is recommendations. Trying to get clarity regarding that. Trying to time stamp every time we change one of our documents.
